PRESIDENT PLEADS

For Unity—Honor and Self Respect
of Nation Involved Should Face
Donnellan Cause Spill Now.

Washington, February 24.—President Wilson, at the end of two days of agitation in Congress for action warning Americans off armed merchantmen, wrote a letter to Senator Stone, chairman of the Senate Foreign Relations Committee, stating that he could not consent to the abridgment of the rights of American citizens in any respect.

"The honor and self-respect of the nation is involved," he said. "We covet peace and shall preserve it at any cost, but not the loss of honor."

"We have not reason to question the central powers' good faith or their fidelity to their promises in the past," he added, "and I for one, feel confident that we shall have none in the future."

The letter was in answer to one written late this afternoon by Senator Stone outlining the situation at the capital where since yesterday morning persistent demands had been made for some action which might lessen the possibility of war between the United States and Germany. The President's statement will be repeated tomorrow morning to Speaker Clark, Representative Kitchin, majority leader, and Representative Flood, chairman of the House Foreign Affairs Committee, who late today asked for an engagement to explain the position in which the house found itself and ask the President for a statement of the administration's views.

GERMANS CONTINUE DESPERATE OFFENSIVE MOVEMENT.

Inspired by the presence of their emperor and led by Crown Prince Frederick William, the German troops are engaged in one of the greatest battles of the war on the western front, centering around the fortress of Verdun. Attack has followed attack against the French line after bombardments, incessant and terrific, continuing for several days.

While the Germans have not been able, despite the rain of shells and furious onslaughts by the infantry, to break the French line, nevertheless the French on their right and left wings have been compelled to withdraw their lines, respectively, to the south of Ornes and behind the town of Stenay, six miles north of the fortress.

Mr. Pierce Redmond of Huntington, is in Maysville for a visit.

K. OF P. HALL ON SATURDAY NIGHT, FEBRUARY 26.

Paris (Ill.) Daily Beacon.—Tonight the Original Carolinian Jubilee Singers gave a grand concert and their farewell appearance, closing their five-day engagement at the Chautauque. Their work has been a delight to all their auditors. Like birds in the trees, fishes in the water, and bees among flowers, these people are at home when entertaining an audience. As flying is to birds, as swimming is to fishes, and as honey making is to bees, so is music to the Original Carolinian Jubilee Singers. They have so many friends among our people that we give room to the following. Their names: Mrs. Bertha Wilson, soprano; Mrs. Gertrude Frazier, alto; Mr. W. R. Carter, first tenor; Mr. Silas Frazier, second tenor; Mr. James R. Douglas, baritone; Mr. J. R. Manning, bass. This is the sixth year they have been on the road for eleven and a half months each year. They have sung in forty states and at their last engagement, immediately prior to coming to Paris, they sang 156 different songs and repeated several by special request. The ladies are twin sisters, natives of North Carolina, and like all the others, except Mr. Douglas, are children of ex-slaves. It would be a pleasure to speak of each individual's work, for each is a specialist in his part, but we must be content to mention only Mr. Douglas who gave such splendid baritone rendering of "The Palms" and "The Holy City" at the Sunday services. Besides being musicians of high order the Carolinians are worthy members of society, each proud of his untarnished name.

GOOD ROADS, GOOD ROADS.

The good roads division of the chamber of commerce, will hold a session Tuesday night in the Council Chamber to discuss good roads. The county now has the opportunity of securing \$15,000 from the state fund for good roads. Judge W. H. Rice will go after that. Just now we need only a majority of votes to carry a bond issue. Good roads are the life of any county or state or nation. Here's to the good roads of Mason county.

NEVER FRIES DARK

In preparing bacon for you breakfast, it should be noticed that "PARTRIDGE" bacon, even though done to a turn, will retain its rich, golden color. This is one of the distinctions of "PARTRIDGE" bacon, in that its very appearance on your breakfast table, crisp, tender, golden brown and piping hot, will arouse and stimulate the most sluggish appetite. PAINTING THE ROADSIDES.

About this time of year many merchants used to be organizing campaigns for decorating the roadside for many miles around with their advertising. As soon as the spring mud had dried out, they had their teams and men out erecting and painting staring signboards along the country highways.

Very much less of this sort of work will be done the coming spring. In many localities it has stopped altogether. The merchants found out that it did not have advertising value, and they were spending their good money for nothing.

One objection to this outdoor advertising was that it soon became defaced and shabby. Even a neatly painted sign, if exposed to rain and dust, would look ancient in a single season. It would convey an appearance of dinginess that was left handed advertising for the store that erected it. Boys would use it as a target, and jokers would take paint and alter over words with humorous intent.

The most serious objection to these signs was the public animosity that they created. In many states legislation has been enacted against them. In others various associations have taken the matter up and have made it a business to wreck roadside signs, confident that they were within their legal rights.

The simple fact is that the people don't want their pretty country roads defaced by advertising. When they go outside of the towns they like to see country scenes and open air life, and want to forget about business. The signboard is a reminder of commercialism. It erected on a man's place of business, it would not be objected to, if neatly done. Placed on the highway it offends by being out of place, and it does not help to sell goods.

CONTRIBUTING AMBASSADORS.

The White House issued a prompt denial that Ambassador Morgenthau is returning from Turkey to resign his position and take charge of the task of raising finances for the Wilson campaign. And he ought not be expected to make such a sacrifice. He contributed \$30,000 to the last campaign. Such loyal supporters in the past should be allowed to retain their positions in foreign countries and come home during these trying diplomatic crises, without resigning and without being called upon for more strenuous political service than they can render in conferences with friends. This should be a general rule in the Democratic diplomatic service. Mr. James W. Gerard who contributed \$15,500 and went as ambassador to Germany; Mr. John L. DeSaulles who added \$5,000 to the campaign fund and went as minister to Uruguay; Mr. F. C. Penfield, whose contribution of \$22,000 preceded his appointment as ambassador to Austria; Mr. Joseph E. Willard, who was given the ambassadorship to Spain after contributing \$2,000 to the campaign fund—all these loyal and deserving Democrats who contributed and got jobs should be relieved of service this year and be permitted to come and go as personal convenience may dictate.

WE PAY THE FREIGHT.

After giving the subject careful consideration, the Interstate Commerce Commission approved increases in both freight and passenger rates for various sections of the country. Many shippers believed the increases were justified by the condition of railroad business. Now Democratic publicity agents are pointing to increased railroad earnings as an evidence of restored prosperity. The people who pay freight bills and who purchase mileage will not overlook the fact that they themselves are entitled to a large amount of credit for increased railroad revenues, and they are not being misled into erecting improved railroad revenues to the Democratic party.

A friend thought to take a furl out of us the other day by insisting that no spot in heaven is suitable for editors. Exactly right. When an editor gets such hell continually in this world he is entitled to something even better than heaven in the next.

Keep right on yelping for good roads. The louder you yelp the more likely you are to be heard, and if we all get to yelping some one will soon be doing.

OFFICIAL CALL

For Republican Ninth District Convention To Be Held in Mt. Sterling February 29.

Maysville, Ky., Jan. 19, 1916.

To the Republican Electors of the Ninth Congressional District of Kentucky:

Pursuant to a meeting of the Ninth Congressional Republican District Committee and the official call of the Republican State Central Committee, the Republican Ninth District Committee now directs that a district convention of delegated representatives of the Republican party of the above named district be held in the city of Mt. Sterling, at 10 o'clock a. m., standard time, on Tuesday, the 29th day of February, 1916, for the purpose of electing two district delegates and two alternate delegates to attend the National Convention of the Republican party to be held in Chicago, Ill., on Wednesday, the 7th day of June, 1916; also to elect a member of the State Central Committee, and for the nomination of one election to be voted for the next national election.

The delegates to said convention shall be elected by county mass conventions, to be held in the county seat of each county in said district, at 1 o'clock p. m., standard time, on Saturday, February 26th, 1916, except in the county of Floyd, in which said county, the convention shall be held in the city of Ashland.

One delegate shall be elected for each one hundred votes or fraction thereof amounting to fifty or over, cast for the Republican candidates for electors in each county at the Presidential election in 1908. The counties in said district are entitled to representation as follows:

Bath 15, Boyd 29, Bracken 11, Breathitt 16, Carter 26, Elliott 6, Fleming 20, Greenup 21, Harrison 16, Lawrence 21, Lewis 25, Mason 12, Menefee 5, Montgomery 13, Morgan 14, Nicholas 11, Robertson 4, Rowan 19, Wolf 8. Total 292.

F. H. McCARTNEY,

Chairman,
CLARENCE MATTHEWS,
Secretary.

Captain Beckett & Sons of Athens, who had the misfortune to have their gasoline boat burned, will build a new boat named Maggie II.

Captain Ira Huntington says that in the year 1882 the W. N. Chancellor and Katie Stockdale laid up at Wheeling on March 6 on account of the heavy ice in the Ohio river at that time.

The Joe Fowler will not make the Mardi Gras trip to New Orleans. Not enough passengers could be secured to make it pay. The Kanawha and Sam Brown disasters has caused many people to cancel their reservations who had intended to go to the Mardi Gras by boat.—Gallipolis Tribune.

The big Greene Line wharfboat at Cincinnati caught fire Saturday night and was damaged \$500. An explosion in the office caused the fire. Captain Greene was on his way here on the Greenwood, but returned to Cincinnati. The Cincinnati fire department was called and extinguished the flames.

The steamer Greenland was caught in the high wind here Saturday, and had a great deal of trouble before it finally sought a harbor on the Kentucky shore, opposite Ripley. After leaving the Ripley wharf it attempted to turn around, but the wind was so strong and the waves so high, it was impossible to handle it. Its decks were washed freely by the water and it took several hours hard work to bring it to land.—Ripley Bee.

The Bravo Contracting Company of Pitsburg, which has several lock contracts, is said to be preparing to build a new boat for use in the work, which will be a tunnel propeller towboat. The new boat will be of the ordinary towboat type, but will have two propellers placed in tunnels of the hull, set fore and aft, instead of opposite each other. One propeller will be located about a quarter of the keel from the bow and the other about the same distance from the stern of the boat. It is believed this boat will be able to run in quite shallow water and under low bridges to a better advantage than an ordinary towboat.

FIVE MILES OF HIGHWAY.

County Highway Superintendent M. J. Jones of Adams county, Ohio, last week completed and took to the state Highway Department specifications for five miles more of highway to be built in that county. The work to be undertaken commences at the north corporation limit at Peebles and continues south on the West Union pike to Frisco's bridge, spanning Brush creek. This brings the state highway work south from Sinking Springs in Litchfield county to Frisco's bridge, a distance of about fifteen miles. The state has heretofore constructed this work under contract.

How a Camden Electrician Recovered

Camden, N. J.—"I had a deep-seated cough, a run-down system and my lungs were awfully weak and sore. I am an electrician by occupation, and my cough kept me awake nights so I thought at times I would have to give up. I tried everything everybody suggested and had taken so much medicine I was disgusted. One evening I read about Vinol and decided to give it a trial. Soon I noticed an improvement. I kept on taking it and today I am a well man. The soreness is all gone from my lungs, I do not have any cough and have gained 15 lbs. in weight and I am telling my friends that Vinol did it."—FRANK HILLMAN, Camden, N. J.

Vinol succeeds because it removes the deep-seated cause—by building up the whole constitutional system. Vinol contains the two most efficient tonics—peptonate of iron and all the medicinal elements found in the cod's liver, but no oil. Delicious to taste, agrees with every one.

EVE ANSOLVED UP ALL BLAME.

Chicago, February 23.—Adam blamed it all on Eve, but Eve, as represented by her modern daughters, got even Sunday when Prof. Edward A. Ross of the University of Wisconsin, told 3,000 persons at the Sunday Evening Club that man—male and monstrous man—is to blame for everything that is wrong. "This Man-made World" was his subject and he declared that even when women sin, the fault is man's, and man is responsible even for the "ladylike fashions" in women's clothes.

"Which sex is systematically poisoning itself?" demanded Prof. Ross and answered that it is the male sex. "Even in a slum district, when women take to drink," he said, "it is admitted that things have come to the last gasp." And he blamed man for producing the slums.

Then he mentioned gambling. "In a saloon in Wyoming," he said, "I saw a cowboy gamble away his month's wages in twenty minutes. Women have too much sense for that."

"The social evil. Well, I admit women have their part in that, but 40 per cent of them are subnormal, and, anyway, it's the men who organize the evil, provide the protection and pocket the profits."

"Women's fashions? I call them 24-carat folly, but the root of the trouble lies in marriage and economic considerations. Men make it economically necessary for women to get married, and that is what makes the women so interested in styles."

"Take the matter of business. Men consider it a game, a fight in the arena for the prize of wealth. Men poison food and call it a business. Women would call it a crime. The common sense of women would be worth a great deal in business."

The highest average crop of tobacco sold on the Ripley market this year was sold Monday at an average of \$27.40 per hundred. This crop was raised on E. M. Fitch's farm at Schofield, by William Lane and his son, Lyle. Highest basket was 76 cents.—Ripley Bee.

How to avoid
OperationsThese Three Women Tell How They
Escaped the Dreadful Ordeal of
Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marquette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."—Mrs. FRED BANSKE, Marquette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and my doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."—Mrs. THOS. DWYER, 989 Milwaukee Ave., East Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 115 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."—Miss HELEN FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

America

Another laurel wreath covers the fair brow of Kentucky's talented daughter, Eleanor Duane Wood, wife of our popular banker, Clarence L. Wood. Mrs. Wood has the strongest poem she has ever written, appearing in the American number of Life, this month. Her appeal for united citizenship in these days of stress and trial, is masterly. We publish the poem in full, regretting that we can not reproduce the illustrations that frame "America."

Mother of outstretched arms and generous breast,
Let never welcomed wanderers strike at thee!
Who seek from far thy Canaan of the West,
May they henceforth as thine own children be!

Not one hast thou compelled; mured they came
To where the altar fire of Freedom shined,
Let them remember how to feed that flame,
Men smiled at death and poured their blood as wine.

Ours that best heritage, dear native land
Of Liberty, wrung from the tyrant's away,
Oh, may there be no Judas in our band,
To kiss and kill, to harter and betray!

But sons and foster-sons alike stand fast
To guard our Mother from an Old World chain,
And hurl the stout defiance of the Past,
"Freemen we are! Freemen we shall remain!"

—Eleanor Duane Wood.

MAYOR FILLS OFFICIAL PHILADELPHIA'S WATER WAGON WITH 10,000 EMPLOYEES.

Philadelphia, Pa., February 23.—Mayor Smith today put more than 10,000 employees of the city of Philadelphia on the "water wagon," and woe betide the man who slides off to parley with John Barleycorn—he'll lose his job.

The mayor's statement admits of no equivocation and is as follows:

"Today I have given instructions to every director and bureau chief to issue a general order against drinking among employees during working hours. An employee who must use liquor when on duty or who takes liquor with him when detailed for work can not remain in the city's employ."

"Rum and efficient public service is an impossible combination."

CUMMINS ALSO AFTER REPUBLICAN NOMINATION.

Des Moines, Ia., February 23.—United States Senator Albert B. Cummins of Iowa, today filed affidavit with the Secretary of State as a candidate for the Presidency of the United States on the Republican ticket. Similar affidavits will be filed in Minnesota, Nebraska, South Dakota, Montana, Oregon and Colorado. Local politicians received word today that the name of Senator Robert M. La Follette of Wisconsin, will not go before the Republican primary in this state in April.

WOULD ERECT MONUMENT TO HONOR DANIEL BOONE.

Washington, February 22.—Permission of Congress for erection in Washington of a monument in honor of Daniel Boone was asked Monday by Representative Doughton of North Carolina. Mr. Doughton's request was made in behalf of the Boone Trail Highway Association of North Carolina, and the government is to incur no expense in granting the privilege.

STRONG PEACE TALK IN BRITISH HOUSE OF COMMONS.

London, February 23.—"There is no ground hope for a decisive and crushing victory on either side in this war," declared P. Snowden, Laborite member of the House of Commons, in a speech in the lower chamber today. Snowden's address opened the long-expected debate on peace terms in Parliament, and an effort is to be made to force the government to make known on what terms it will make peace with Germany.

Snowden received no encouragement from the Premier. In answering the speech Mr. Asquith said that the allies would not consider peace terms until victory was in sight and the central powers decisively beaten. He repeated former statements regarding conditions on which peace would be considered.

Member Trevelyan (Liberal) declared that both the German and British governments desired peace, but added that neither side would take the initiative. He declared that any overture that might be made by Great Britain should be taken as a sign of weakness over the struggle and not as a proof of failure.

"There is no chance of peace as long as Germany believes that we are set on a policy of conquest," said Trevelyan.

Member Snowden said that the people of England had a right to demand of the government a statement in definite, precise form as to the terms England would accept as the price of peace.

The speaker declared that all the nations, and especially Germany, were being driven to accept the evidence of the failure of militarism, and the time was therefore ripe for making a movement in the direction of peace. In particular Mr. Snowden maintained that the government socialists were solidly in favor of peace now that it had been proved that Germany was invulnerable from external attack.

SLIP IN CRONES' PLANS SAVED 269 FROM DEATH.

Chicago, February 23.—That one slip in the plans of Jean Crones, anarchist, prevented the death of every guest at the Archbishop Mundelein banquet was the statement today of First Deputy Superintendent of Police, who has been working on the police plot while the police of every city in the country have been watching for Crones.

When Jean Crones walked out of the University Club for the last time he was confident, the First Deputy declared that every one of the 269 banqueters would be dead within a short time after eating the banquet soup—that they would be served with five times the amount of arsenic that chemical analyses have shown each portion of soup contained.

According to the tracing of Crones' movements, the prisoner prepared live times as much poison. In the soup stock as was used. The superior of Crones, inspecting the kitchen just before the banquet started, noticed that some of the soup was changed in appearance, and, thinking that some of it had spoiled, ordered four-fifths of it thrown away.

"None of the poisoned guests knew how near all of them were to death," said Deputy Superintendent Schenck, "and they would never know had not the steward, who feared he would be blamed for allowing the soup stock to spoil, confessed that he took thirty chickens out of the ice box and made new soup for the guests."

WOMEN "SHELL OUT" WHEN OFFICERS RAID TRAIN.

Cumberland, Md.—West Virginia officers raided a Western Maryland train out of Cumberland the other night and arrested a party of men and women and confiscated 140 pints of liquor.

Mrs. Teresa Dominick had nineteen pints in pockets in a cartridge-like belt concealed under her clothing. Anna Dameria had fourteen pints, nine on her breast; Jennie Furro had eleven pints, while two girls, 7 and 8 years old, respectively, had twelve pints concealed in belts under their clothing, the officers said.

Two or three men in the party escaped by jumping through the car windows, taking cash and guns. The other men, James Hay, and the women were held for court on charges of violation of the prohibition law. Under injunction of the court liquor can not be carried on trains entering West Virginia.

The party was en route to Thomas, W. Va.

This Leap Year contains fifty-three Saturdays and fifty-three Sundays something that has not occurred for forty years and which will not occur again until the millennial year 2000. So many Saturdays and Sunday nights were doubtless made for Leap Year purposes, a consideration which the young ladies should duly appreciate.

The famous "Union county railroad suit," first court action in which began more than forty-five years ago, ended Wednesday when \$100,000 was paid over to Little R. Preston, who has carried on the litigation to recover on railroad bonds of the county begun by her husband.

WHEN PA BEGINS TO SHAVE.

The hired man he dares not talk,
An' Ma she was afeard,
An' you could hear the razor click,
A-cuttin' through Pa's beard.
An' then my Uncle Bill'd laff
An' say: "Gosh! John, you're brave!"
An' Pa he'd swear, an' Ma'd just smile:
When Pa began to shave.
When Pa got done a-shavin' of
His face, he'd turn around,
An' Uncle Bill'd he'd say: "Why, John,
Your chin looks like ploughed ground!"
An' then he'd laff—just laff an' laff,
But I had to believe,
Cos things was apt to happen quick—
When Pa began to shave.

A Proposed New York Law

Says in part:

"No food or drink, save coffee, tea and cocoa, containing any habit forming drug except alcohol, shall be sold within the State."

—From New York Journal of Commerce, Jan. 17, 1916.

This bill, recently introduced in the New York Legislature, amply attests the well-known fact that coffee, tea and cocoa contain the habit-forming drug, caffeine.

But why discriminate in favor of caffeine when it has been proven beyond a question of doubt that this subtle, habit-forming drug, sooner or later spells ill health, and frequently disaster for many coffee drinkers.

Caffeine is a powerful irritant. It disturbs the regular functioning of the vital organs, often causing headaches, biliousness, heart flutter, nervousness, insomnia, or some other symptoms of caffeine poisoning.

The easy, sure way out of coffee troubles is to quit coffee and use

POSTUM

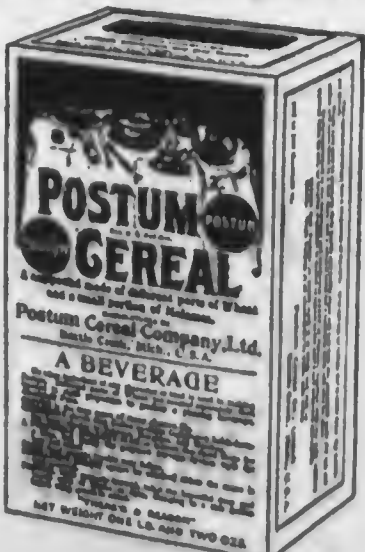

Made of wheat and a small portion of wholesome molasses, Postum has a rich, snappy flavour—much like that of mild Java coffee—that makes the change pleasant as well as highly beneficial; and Postum contains no drug or other harmful element.

After a few weeks on Postum and better health you'll know

"There's a Reason"

Postum comes in two forms. The original Postum Cereal must be well boiled. Instant Postum is in soluble form; a teaspoonful in a cup, with boiling water, makes the same delicious drink—instantly. Some prefer one form, some the other; the cost per cup is about the same.

Sold by Grocers everywhere.

FOOLISH!

It would have been for us to beg people to bring their Tobacco in to us, when, since the first of the year we have had to turn away more loads than we have been able to sell. There must be a reason for this. What is it? We can truthfully say, "Our sales this season have been the most satisfactory of any since the opening of our house." We feel now the big rush is over and hope to care for all that comes.

POOR ATTENDANCE

Democratic Congressmen Fall To Attend Meetings of Congress—Seem To Be Disheartened.

Washington, D. C., February 24.—Democrats in Congress are demoralized.

Disheartened, the Democratic members are guilty of deliberate neglect.

By actual daily count since the holidays the Democrats have been fewer in number on the floor of the House than Republicans, except for seven roll calls. An uninformal observer would have supposed that the Republicans and not the Democrats were the responsible party.

There are in the House 228 Democrats and 197 Republicans. The record of attendance shows that on every day during January, with the exceptions noted, the Republicans outnumbered the Democrats on the floor, sometimes two to one, and sometimes three to one.

Here is the record, by daily actual count:

	Democrats present.
January 5	21
January 6	20
January 7	10
January 8	31
January 10	25
January 11	25
January 12	11
January 13	12
January 14	8
January 15	23
January 17	17
January 18	12
January 19	42
January 20	27
January 21	20
January 22	18
January 24	50
January 25	48
January 26	62
January 27	29
January 28	21
January 29	29
January 31	11

The inability of the Democratic party to legislate has been shown in the past. Haste, inaccuracy and crude incompetency run like a scarlet thread through the statutes they have enacted.

To this record is now being added the proof of shameful neglect. With a majority in Congress responsible for the enactment or failure of an important program the Democrats have constantly shirked that responsibility.

Latent, hopelessly divided among themselves, they are furnishing a conspicuous example not only of their incapacity to handle the affairs entrusted to them, but also a total lack of appreciation of the necessity for close application to the business in hand, if errors and disastrous consequences are to be avoided.

FLETCHER'S NAME IS SENT TO SENATE.

Washington, February 24.—President Wilson's nomination of Henry Prasher Fletcher as ambassador to Mexico, opposed by some Republican Senators, who insist that the time is not ripe for assignment of a diplomatic representative to the Carranza government, was favorably reported in the Senate yesterday by the Foreign Relations Committee.

It will come up at an executive session today with administration leaders urging confirmation as soon as possible. The committee vote was 12 to 2. Senators Borah and Smith of Michigan, Republicans, being the only members voting negatively, and Senator Lodge, ranking Republican member, joining with those favoring confirmation. Administration Senators believe favorable action by the Senate itself is assured.

A CORRECTION.

Through an error in Thursday's Ledger four special crop sales reports from the Growers tobacco warehouse were credited to the Liberty warehouse. These four sales were Kable & Hill, 2,865 pounds, average \$13.47; J. D. Mackey, 5,775 pounds, average \$17.64; Emmett & Haugaboo, 3,810 pounds, average \$18.12; and William Colvin, 2,200 pounds, average \$17.11. The market at the Growers house continues good and some fine reports are being made by this progressive house.

WILL-O'-THE-WISP OUTLAW

Enslire Grover Gotthard Menaces Peace of Farmers and Others Who Live Along River—Threatens To Burn Homes If He Trayed.

(Huntington Herald.)

Grover Gotthard, the will-o'-the-wisp outlaw, whose many and spectacular escapes from prison have made him notorious in this vicinity, is becoming a real terror to persons living along the Ohio river, and especially to farmers in the League section of the county, according to county authorities.

First here, then there, come reports of burglaries, holdups and other crimes by the mysterious and elusive Grover, who seems to be ranging the Ohio valley from Maysville to upper Cabell county, never staying long in a place but always where the law breaking occurs.

That Gotthard has intimidated rivermen and farmers by threats to burn their homes and other property if they betray his whereabouts is the information that has recently come to the county officials. In this manner Gotthard is able to hide in shanty boats or small farm houses, almost as he chooses.

A concerted effort to round up Gotthard is to be made soon by the police and county authorities of all river districts. It was learned yesterday. The state has recently increased the reward for Gotthard's capture to \$500.

Jailer Chapman said last night that Gotthard is not dangerous when cornered. His policy is to shoot and run, but if captured to "wilt" as much as a lamb. Mr. Chapman said, however, that the escape from the penitentiary and the outlaw's long hunted life in the open might make him more desperate.

ONE OF THE BEST

Editor Duley's Paper At Flemingsburg a Thirty-eight Year Old This Week.

That splendid paper, the Flemingsburg Times-Democrat, edited and owned by Colonel Hiram Duley, one of the best known men in this section, this week celebrated its thirty-eighth anniversary (the newspaper, we mean) and here's the historical facts as cited by the editor.

"Saturday last, February 19, was the thirty-seventh anniversary of the first issue of the Flemingsburg Times, and this is the first issue of the thirty-eighth year of the Times and Times-Democrat under the guidance and management of the writer. In all that time the paper has not missed over a dozen issues and those missed were due to fires and a few holidays. In point of continuous service in one town, the editor claims the head of the class. We extend our thanks to the public for past patronage and hope to merit and enjoy the same for many years to come. And now is the time to subscribe."

CHARACTER OF BRANDEIS AGAIN ATTACKED AT HEARING BEFORE SENATE SUB-COMMITTEE.

Washington, February 24.—New charges against the character and professional conduct of Louis D. Brandeis were laid before the Senate sub-committee investigating his fitness as a Supreme Court Judge yesterday by Austin Fox, attorney for the opposition to his appointment.

Among the new charges is one that Mr. Brandeis manipulated the deal on behalf of the late E. H. Harriman, which gave the latter control of the Illinois Central railroad.

It was also charged that Mr. Brandeis was guilty of unethical methods in his connection with the Gillette Safety Razor Company case. Further accusations were brought against him for his practices in the Equitable Life Insurance case.

DEATH OF MRS. J. S. BOWMAN.

Lancaster, Ky., February 24.—Information was received Wednesday morning by relatives here of the death of Mrs. J. S. Bowman at her residence in Lewis county. She resided, until her marriage, at this place, she being the second daughter of Mr. and Mrs. William G. Anderson. She was about 50 years old, and leaves, besides her parents, a husband, John Smith Bowman; two sisters, Mrs. J. Roe Young of Maysville, and Mrs. Florence Grant of this city, and one brother, Charles W. Anderson, also of this place. The remains will be brought to Lancaster for interment.

MRS. LOUISE L. HOWELL.

Cynthiana, Ky., February 24.—Mrs. Louise Howell, 75, died at her home in this city yesterday afternoon of paralysis. She was born in Alabama, but spent the greater part of her life here. She is survived by five children: Dr. Marshall and Sebastian McDowell of this city, Ilev, Harvey McDowell of Mt. Olive, Miss. Ed. C. McDowell of Canada, and Joe Desha McDowell of San Francisco. Funeral services and burial will take place Friday.

TONEY SIGNS CONTRACT.

Fred Toney, the premier pitcher for the Cincinnati National League team for last season, has signed his contract for this season. Toney announced last night that he would not sign unless given \$50,000. At the same time the club announced that he would not receive more than \$4,000. No announcement was made as to what compromise, if any, had been reached.

Steuensville, O., February 24.—Jefferson county Republicans had an enthusiastic meeting here yesterday and adopted resolutions endorsing Senator Burton for the Presidential nomination and Governor Willis for re-election.

MILITARY TRAINING

Schools Needed in Various States To Properly Prepare Youth, Says McKellar.

Washington, February 24.—"The Military Affairs Committee is of the opinion that we do not need a large standing army in this country, but that we do need at all times a large body of our young men well trained and educated," said Representative McKellar of Tennessee, submitting to the House a favorable report on his bill to establish and maintain military training schools in the various states.

"The war now going on in Europe," said the report, "shows that intelligence of officers and individual soldiers plays quite as important a part as physical bravery and training. The two should go hand in hand. Educate and train 4,000 boys a year as provided in this bill, graduating 100 a year in each state, and in a few years such would be the military spirit created in all parts of the country that a call for volunteers in times of trouble would easily bring forth 1,000,000 men. "Within a seven-year period there would be created a reserve of some 32,000 of the best trained men in this country, or any other country, between the ages of 20 and 32, who could be lawfully required to respond, and, instant, to a call to arms."

INTERURBAN LINE FOR CENTRAL KENTUCKY.

(Cincinnati Enquirer.)

Articles of incorporation for a new \$100,000 passenger and freight traction line connecting Newport and Alexandria, Ky., and all intermediate towns were filed in the office of Clerk Chris Millins of Campbell county, Wednesday. The incorporators include a number of wealthy real estate and coal land operators of Cincinnati, Kentucky and West Virginia. It is the purpose of the incorporators to open large tracts of land beyond Newport.

After the interurban road reaches Alexandria, Ky., the promoters say that it will be only a question of time before it will be linked up with other existing roads, making a chain from Newport through Central Kentucky to Paris, Winchester, Lexington and Frankfort.
